Central Penn Business Journal and Lehigh Valley Business Announce 2024 Best Places to Work in PA

Central Penn Business Journal and Lehigh Valley Business have named Meier Supply Co., Inc. as one of the Best Places to Work in PA. The awards are held in partnership with Best Companies Group.

Best Places to Work in PA identifies, recognizes and honors the best places of employment in Pennsylvania in three categories: small employer (15-99 employees), medium employer (100-249) and large employer (250 or more). To be considered, companies must be a publicly or privately held business; be a for-profit or not-for-profit business or government entity; have a facility in the state of Pennsylvania; have at least 15 full- or part-time employees working in Pennsylvania; and be in business a minimum of one year.

Best Companies Group managed the overall registration and survey process and also analyzed the data and used their expertise to determine the final rankings.

There were two parts used to determine the rankings. The first consisted of evaluating each nominated company's workplace policies, practices and demographics, worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience, which consisted of 75% of the total. The combined scores determined the top companies and the final ranking.

"The 2024 Best Places to Work in PA know that the people in their organizations are the key to their success. These businesses realize what it takes to create an environment that results in teamwork and excellence," said Suzanne Fischer-Huettner, managing director of BridgeTower Media/Central Penn Business Journal and Lehigh Valley Business. "Central Penn Business Journal and Lehigh Valley Business are pleased to join with the Best Companies Group in honoring these incredible businesses."

A listing of winners is below. The final rankings will be announced at the Dec. 12 awards ceremony.
